ADDENDUM #3

## REQUEST FOR PROPOSALS FOR INSURANCE PROPERTY APPRAISAL SERVICES

### CLARIFICATION

The second and third sentences of paragraph one, on page 6, under **Deliverables** should be revised to delete Actual Cash Value (ACV).

The report should also include ~~both~~ replacement cost ~~and actual cash value (ACV)~~ of each building and structure appraised. It is understood that the value of the land is not included in the replacement cost ~~and ACV~~, however the cost of foundations, underground plumbing plus any other costs associated with coding requirements are to be included.
