Special Notes, if any:

¹At least 40 of the required credits for the baccalaureate degree shall be at the upper-division level. If a lower division course is shown as equivalent to an upper division course, the course transfers to Metropolitan State University as lower division credit.

²The actual number of credits needed to complete the MnTC depends upon:

- The number of required General Education/MnTC credits in your program at the community/technical college (listed in Section A)
- A college's distribution requirements within the MnTC—all Minnesota State institutions require 40 credits in 10 Goal Areas, but colleges have different requirements as to how the credits are distributed within the goal areas—e.g., Metro State requires two writing courses for Goal 1 (6 credits), the sending institution may require two writing courses plus a communications course (9 credits) in Goal 1.
- When MnTC electives are listed (i.e., no specific course is named), the number of goal areas a course meets will determine the number of courses you may need to take to fulfill MnTC requirements—i.e., it's better to choose courses meeting more than one goal area.
- May need to include upper-division credits in order to fulfill the 40 credit upper-division requirement for graduation (see footnote).

Consult an academic advisor (at either the sending or receiving institution) to plan the completion of the MnTC requirement.

³Liberal Studies Requirement: Eight (8) upper-division credits. An upper-division course number begins with a 3, 4, or 5. With good planning (consult an academic advisor), this requirement may be met by courses chosen to fulfill MnTC requirements.
