# Reimagining Minnesota State Next Steps

MINNESOTA STATE

# FY2020 and Beyond: Strategic Repositioning of Minnesota State

# By 2030, Minnesota State will eliminate the **educational equity gaps** at every Minnesota State college and university

To enhance access and increase student success, we must:

- Increase student **retention, persistence, and graduation**
- Increase the percent of Minnesotans age 25 to 44 who have attained a **postsecondary certificate or degree** to 70 percent across all populations (*Minnesota's Educational Attainment Goal 2025*)
- Increase market share of **high school graduates** and the **transfer rate** from our two-year colleges to our universities
- Increase the number of **post-traditional (adult) learners**

# Next Steps

- Consultation and communicate with internal stakeholders around goals
- Refinement of 2030 goals and establishment of strategies and targets
- Inventory current work underway, maturity and scalability of effort, and identify opportunities
- Engage key external stakeholders to align efforts
- Provide a refined version for review and discussion with the board (September retreat)
