PINE CITY

RENOVATES: 15,025 GSF
DEMOLISHES: 2,886 GSF
CONSTRUCTS: 29,964 GSF

DEFERRED MAINTENANCE REDUCTION: \$276,000

SUMMARY

- » Designs the renovation and new construction of technical/trades labs, classrooms, faculty offices, health sciences spaces, and support spaces
- » Removes temporary instructional space
- » Expands high-demand programs such as nursing and precision machining
- » Creates new student spaces for studying and collaboration
- » Highlights technical and trades programs by providing open concept, integrated manufacturing setting that allows for collaborative projects across programs

» STUDENT IMPACT

This **modernization and expansion** project will create a more sustainable, comfortable, and technologically advanced learning environment for current and future students. This project aids the college's long-term growth strategy of serving and training more than 4,000 students and reaching 1,200 FYE a year. This project will improve access to critical workforce skills for east central, Minnesota residents and students, while faculty and staff are able to strengthen the support offered to students through improved educational programs and services.
