1. These guidelines apply to classified and unclassified appointments, except emergency appointments. Emergency appointments may be made at any step within the salary range; however, when moving from an emergency to a temporary or other permanent appointment, you must obtain System human resources staff approval to hire above the delegated level. No salary change is allowed upon movement between temporary and unlimited appointments within the same classification unless there is a break in service. Campuses have System human resource staff approval to hire seasonal employees into temporary appointments in the same classification during their seasonal layoff at their seasonal rate of pay.
2. System HR staff has authority to grant approval beyond the campus level of authority up to the maximum of the salary range (**exception:** system HR staff and MMB must approve such requests for the Managerial Plan).
3. Use the Work-Out-of-Class (WOOC) provisions applicable to the employee's permanent classification, hourly rate, and bargaining unit. Use the salary range of the class to which the WOOC assignment is made to determine minimum of range and 1 step increase or other new rate for all WOOC appointments. If employee is on layoff list for the class to which they are assigned to work out of class, they are paid at the highest step attained in that class, or as provided above, whichever is greater. Reference MMB Administrative Procedure #17.1 – Work Out of Class for further information.
4. When a transfer/demotion between bargaining units/salary grids results in placement of the employee "off step" within the salary range, salary is maintained off step until the next progression increase is due. At that time, the employee is moved more than one step in order to grant a full step increase AND place the employee on-step within the range. **Exception:** employees in MMA are moved to the nearest higher step effective immediately upon transfer/demotion between bargaining units/salary grids. Refer to MMB Administrative Procedure #15.6 and relevant bargaining agreement/plan provisions for additional information.
5. All requests to offer a hiring incentive must be approved in advance by system HR staff and the Commissioner of Employee Relations.
6. Presidents may be granted additional delegation by the Associate Vice Chancellor, Human Resources.
