Job Summary:

Telework is available and negotiated at the time of hire.

This position exists to ensure that the business needs of the faculty, staff, administrators and students of the 37 colleges and universities in the Minnesota State system are understood and clearly documented so that the Information Technology Services Division can provide enterprise wide solutions to meet those needs. This position works with campus and system office staff in order to understand the structure, policies and operations of the colleges and universities and to recommend solutions that enable the system as a whole to achieve its goals.

About Minnesota State

Minnesota State is the largest single provider of higher education in the state. With 37 institutions, including 30 community and technical colleges and seven state universities, Minnesota State serves 64 percent of the state's undergraduate student population.

We employ more than 14,800 dedicated faculty and staff focused on student success. We provide essential training and specialized certification options for business, industry, and professionals throughout Minnesota.

Benefits include excellent low cost and low deductible health and dental insurance, retirement package, tuition waiver at Minnesota State institutions (after three years of employment) and flexible working hours.

Minnesota State System Office is proud to be a Minnesota Yellow Ribbon agency.

Minimum Qualifications:

Resume must reflect all minimum qualifications. Please enter your experience in chronological order, including the month and year of employment.

- Demonstrated commitment to work with diverse clients, stakeholders and students, fostering a diverse working and learning environment.
- 5 years of business analysis experience working directly with business lines performing activities such as business process modeling, data flow diagramming, requirements elicitation, analysis and documentation.
- Knowledge of project management principles sufficient to determine project goals and objectives, establish development schedules, lead a team to complete development tasks, and monitor and evaluate progress.
- Demonstrated business analyst skills sufficient to elicit and analyze business requirements and deliver software solutions that meet end user needs.
- Business process modeling skills sufficient to elicit and analyze business requirements and deliver software solutions that meet end user needs.
- Presentation and facilitation experience sufficient to interact with a broad range of stakeholders in participatory decision making.
- Demonstrated ability to effectively communicate complex technical ideas and procedures to both technical and non-technical staff.

Preferred Qualifications:

- Bachelor's degree in business, information technology or a related field.
- ITIL Foundations certification.
- 1 year experience completing business analysis activities in an Agile/Iterative software development environment.
- 1 year experience working the public sector or higher education environments.
- Certified Business Analysis Professional (CBAP) certification.
- Demonstrated organizational skills sufficient to lead complex software development efforts.

- Demonstrated skill in communicating through the use of technology to facilitate meetings, gather requirements and lead projects with geographically dispersed participants.
- Demonstrated skill with relational databases sufficient to create queries and analyze data for patterns and potential issues.
- Minnesota State is unable to sponsor applicants for work visas. All applicants must be legally authorized to work in the US.

Additional Requirements:

The successful candidate must submit to a background investigation prior to employment.

The background check may consist of the following components:

- SEMA4 Records Check (applies to current and past employees only)
- Criminal History Check
- Employment Reference Check
- Social Security and Address Verification
- Education Verification

In accordance with the Minnesota State Colleges & Universities (Minnesota State) Vehicle Fleet Safety Program, employees driving on college/university business who use a rental or state vehicle shall be required to conform to the Minnesota State Vehicle use criteria and consent to Motor Vehicle Records check.

Other Information:

Employment information for this position can be found in its collective bargaining agreement or its plan document at <http://mn.gov/employee-relations/labor-relations/Labor>.
