 - Vendor is responsible for payment of contract related insurance premiums and deductibles;

- C. Mesabi Range College reserves the right to immediately terminate the contract if the vendor is not in compliance with the insurance requirements and retains all rights to pursue any legal remedies against the vendor. All insurance policies must be available for inspection by Mesabi Range College and copies of policies must be submitted to Mesabi Range College's authorized representative upon written request.

State Audit

The books, records, documents and accounting practices and procedures of the vendor relevant to the contract(s) must be available for audit purposes to Minnesota State and the Legislative Auditor's Office for six (6) years after the termination/expiration of the contract.

Minnesota Government Data Practices Act

The requirements of Minnesota Statutes § 13.05, subd. 11 apply to the contract. The vendor must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by Minnesota State, its schools and the System Office in accordance with the contract and as it applies to all data created, gathered, generated or acquired in accordance with the contract. All materials submitted in response to this RFP will become property of the State of Minnesota and will become public record after the evaluation process is completed. Pursuant to the statute, completion of the evaluation process occurs when Minnesota State has completed negotiating the contract with the selected vendor. If the vendor submits information in response to this RFP that it believes to be trade secret materials as defined by the Minnesota Government Data Practices Act, the vendor must:

- mark clearly all trade secret materials in its response at the time the response is submitted;
- include a statement with its response justifying the trade secret designation for each item;
- defend any action seeking release of the materials it believes to be trade secret, and indemnify and hold harmless the State of Minnesota, Minnesota State, its agents and employees, from any judgments or damages awarded against the State or Minnesota State in favor of the party requesting the materials, and any and all costs connected with that defense. This indemnification survives Minnesota State's award of a contract. In submitting a response to this RFP, the responder agrees this indemnification survives as long as the trade secret materials are in possession of Minnesota State.

Minnesota State will not consider the prices submitted by the Responder to be proprietary or trade secret materials.

Conflict of Interest

The vendor must provide a list of all entities with which it has relationships that create, or appear to create, a conflict of interest with the work that it is contemplated in this Request for Proposal. The list should indicate the names of the entity, the relationship, and a discussion of the conflict.

Organizational Conflicts of Interest

The responder warrants that, to the best of its knowledge and belief, and except as otherwise disclosed, there are no relevant facts or circumstances that could give rise to organizational conflicts of interest. An organizational conflict of interest exists when, because of existing or planned activities or because of relationships with other persons, a vendor is unable or potentially unable to render impartial assistance or advice, or the vendor's objectivity in performing the contract work is or might be otherwise impaired, or the vendor has an unfair competitive advantage. The responder agrees that, if after award, an organizational conflict of interest is discovered, an immediate and full disclosure in writing must be made to the respective school's chief financial officer or the System Office's Business Manager that must include a description of the action which the vendor has taken or proposes to take to avoid or mitigate such conflicts. If an organizational conflict of interest is determined to exist, the school or System Office may, at its discretion, cancel the contract. In the event the responder was aware of an organizational conflict of interest prior to the award of the contract and did not disclose the conflict to the contracting officer, the school or System Office may terminate the contract for default. The provisions of this clause must be included in all subcontracts for work to be performed similar to the service provided by the prime contractor, and the terms "contract," "contractor," and "contracting officer" modified appropriately to preserve Minnesota State's rights.

Physical and Data Security

The vendor is required to recognize that on the performance of the contract the vendor will become a holder of and have access to private data on individuals and nonpublic data as defined in the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13; and other applicable laws.

In performance of the contract, the vendor agrees it will comply with all applicable state, federal and local laws and regulations, including but not limited to the laws under Minnesota Statute Chapters 13 relating to confidentiality of information received as a result of the contract. The vendor agrees that it, its officers, employees and agents will be bound by the above confidentiality laws and that it will establish procedures for safeguarding the information.

The vendor agrees to notify its officers, employees and agents of the requirements of confidentiality and of the possible penalties imposed by violation of these laws. The vendor agrees that neither it, nor its officers, employees or agents will disclose or make public any information received by the vendor on behalf of Minnesota State and Mesabi Range College.

The vendor shall recognize Minnesota State's sole and exclusive right to control the use of this information. The vendor further agrees it shall make no use of any of the described information, for

either internal or external purposes, other than that which is directly related to the performance of the contract.

The vendor agrees to indemnify and hold harmless the State of Minnesota, Minnesota State and Mesabi Range College from any and all liabilities and claims resulting from the unauthorized disclosure by the vendor, its officers, employees or agents of any information required to be held confidential under the provisions of the contract. The vendor must return all source data to the "Authorized Representative" to be identified in the contract.

Payment Card Industry (PCI) Data Security Standard (DSS) Compliance

Vendor agrees to establish security procedures to protect cardholder data and comply with the Payment Card Industry Data Security Standard. Vendor can find details of the PCI DSS at https://www.pcisecuritystandards.org/security_standards/pci_dss.shtml.

Vendor agrees to comply with all applicable laws that require the notification of individuals in the event of unauthorized release of cardholder data. In the event of a breach of any of Vendor's security obligations or other event requiring notification under applicable law, Vendor agrees to assume responsibility for informing all such individuals in accordance with applicable law and to indemnify, hold harmless and defend Minnesota State Colleges and Universities and Mesabi Range College and its trustees, officers, and employees from and against any claims, damages, or other harm related to such a breach.
