**NOTES:** This is a single source posting notification; there are no solicitation documents. Normandale Community College, Human Resources Office, intends to enter into 24-month maintenance and support agreement with Saba Software, Inc. Saba Software, Inc. provides the first level of support for the TalantSpace Performance Management System which includes two main components/products; Saba TalentSpace Align and Saba TalentSpace Connect. The integration of the software products into a cohesive set of applications has been designed specifically for the Normandale Community College Human Resources Office. For this reason, this renewal has been deemed a single source due to inability to receive the mandatory support from a 3rd party vendor.
