SHIP TO INFORMATION: Email Only to Stephen.Winckelman@normandale.edu

NOTES: This is a single source posting notification; there are no solicitation documents. Normandale Community College intends to enter into 12-month maintenance and support agreement with Ingeniux Corporation. Ingeniux Corporation provides the hosting and maintenance support for the Normandale College website which includes two main components/products; a content management system (CMS), and development and production web servers. The implementation and maintenance of the hosted website has been designed specifically for the Normandale Community College Marketing Department. This website content is in the process of being moved to a different hosted CMS and webserver platform. For this reason, this renewal has been deemed a single source due to inability to receive the mandatory support from a 3rd party vendor and a need of the College to maintain a public internet presence while moving to a new hosting solution. If anyone has any concerns regarding this single source opportunity you must contact Stephen Winckelman via email at Stephen.Winckelman@normandale.edu before 05/27/21 at 2:00 p.m. Central Time. Note: All correspondence must include reference number.
